This had better not involve chestbursters.

Or you're buying.

So, just out of curiosity, why "bheers"?

I have MANY bheer preferences. Right now, I'm totally enamored of Dogfish Head 90-minute IPA.

But that might change next week.

A very fine choice. I'm a big fan of the Dogfish Head line (and it's not just for their name, I swear).

You might also be interested in the [Endo IPA](#) from Cottonwood line of the Carolina Beer Company. My alma mater is in Boone, NC where the original brewery used to be. I know we've got it in stores as far north as middle VA, so it might stretch up to your area of influence.
